Qualifications and Criminal Reference Check

A Chiroprapist is a primary care professional practicing in podiatric medicine that specializes in assessment, management and prevention of diseases and disorders of the foot. Chiroprapists are provincially regulated health professionals, licensed to practice by the College of Chiroprapists of Ontario under the Regulated Health Professions Act and the Chiroprapody Act, 1991.

Chiroprapists are required to hold a post-secondary diploma in chiroprapody.

Chiroprapists do not have the ability to bill OHIP for their services and will bill the resident to whom service is being provided directly.

The Chiroprapist further warrants that they have had a criminal reference check including a vulnerable sector screen acceptable under the Ontario Long-Term Care Homes Act, 2007 completed within the last six months prior to commencing service at the Contractor.

Compliance to Legislative, Governmental and Contractor Policy, Standards and Procedures

The Foot Care Services Provider is expected to familiarize themselves with standards and procedures applicable within the facility to independent contractors, whether established by law, government agency, industry associations, or the contractor, and to abide by them. These policies, standards and procedures relate, but are not limited, to the operation of Long Term Care Homes and Retirement Homes, Privacy, Confidentiality, Public Health, Human Rights, certain Employment-related legislation, WHMIS, Workers Compensation, Occupational Health and Safety, and Accessibility. Failure to abide by these standards will be considered a fundamental breach of contract.

The Foot Care Services Provider is solely responsible for any business licenses and/or registrations and any tax registrations (including but not limited to HST) and the like.

If the Foot Care Services Provider is working independently, the Foot Care Services Provider is responsible to provide proof that he/she is an independent operator under WSIB legislation, prior to commencing service at Extendicare. *The Foot Care Services Provider is advised to carry personal WSIB coverage.* If the Foot Care Services Provider has no WSIB coverage and chooses not to apply for optional insurance, the Foot Care Services Provider will provide proof of independent operator status as follows:
