

*Red Lake Margaret Cochenour  
Memorial Hospital*

Requires a

**MEDICAL LABORATORY TECHNOLOGIST**

Our 18 bed, fully accredited, acute and chronic care facility, with an attached 32 bed Long Term Care Facility, requires a **Medical Laboratory Technologist** to assume a **Temporary Full-Time Position** (Maternity Leave Coverage up to 15 months) in the Laboratory Department. This department offers laboratory services for in/out patients within a multi-disciplinary team environment. *We welcome new graduates to our hospital.*

Our laboratory provides Phlebotomy, Hematology, Biochemistry, Immunohematology and Serology services. This position includes Monday-Friday day shift scheduling with shared on-call after hours.

The successful candidate must be registered with, or eligible for registration with, the College of Medical Laboratory Technologists of Ontario. We offer a competitive salary and exceptional compensation for on-call services.

The RLMCMH is a busy, dynamic, fully accredited small hospital with acute care and complex continuing care beds, full-time emergency department and a broad range of diagnostic, therapeutic and outpatient services. The Hospital employs over 100 staff and has an \$8.6 million operating budget.

Red Lake is located in Northwestern Ontario in the heart of a pristine tourist and recreational area. The community offers a wide range of leisure opportunities including golf, fishing, boating, snowmobiling, two recreation centres and much more. Red Lake has a vibrant economy based on mining, forestry, and tourism.

Interested applicants are invited to submit their resume
