

POSITION: PART TIME MEDICAL RADIATION TECHNOLOGIST (MRT) NUCLEAR MEDICINE
DEPARTMENT: IMAGING
POSTING DATE: JANUARY 2018

Reporting to the Group Leader, Diagnostic Imaging, you will be responsible for performing diagnostic Nuclear Medicine procedures in accordance with the College of Medical Radiation Technologists.

The Nuclear Medicine is a high volume department. We are seeking a technologist who can work independently as well as be an intricate part of our team. The department has two GE Nuclear Medicine Gamma cameras. The department involves a strong cardiac component.

QUALIFICATIONS:

- *Formal Education: C.A.M.R.T. (or equivalent) trained Medical Radiation Technologist required
- *Current College of Medical Radiation Technologists NM designation required
- *Experience in a fast paced Imaging Department preferred
- *Demonstrated technical competence and a commitment to quality patient care
- *Current B.C.L.S. Certificate preferred
- *Excellent demonstrated customer service and communication skills
- *Willing to work any shift and weekends, and be available to take call if scheduled
- *Demonstrated educational and professional involvement as well as a commitment to professional development
- *Excellent attendance record
- *Excellent demonstrated interpersonal and technical skills

PRIMARY RESPONSIBILITIES ALSO INCLUDE:

Safety (patient, worker & workplace) is a BCHS Corporate Priority. The successful applicant will demonstrate good stewardship in the identification, reporting and mitigation of unsafe acts or conditions.
