

Show & Hide the Course Menu in Blackboard

The course menu in all Blackboard courses can be collapsed off the screen to provide more screen room in your browser for content in the content frame. The Show/Hide Course Menu button is a toggle button that contains an arrow that points either left or right depending on whether the course menu is shown or hidden.

To hide the course menu:

The screenshot shows the Blackboard course interface for a course named "Sandbox Course". The course menu is visible on the left side, listing various course components such as Announcements, Course Outline, Contacts, Course Documents, Assessments, My Grades, Course Blogs, Course Journals, Course Wikis, Discussion Board, Online Resources, Blackboard Collaborate, and Groups. A red box highlights the "Hide Course Menu" button, which is a small grey button with a left-pointing arrow. A red arrow points from a text box labeled "Hide Course Menu" to this button. The main content area displays an announcement titled "Welcome to ATC100 in Blackboard Learn 9.1" with a dropdown arrow next to it. The announcement text includes "Item is not available." and "Posted on: Friday, September 2, 2011 9:13:00 AM EDT". The announcement also mentions "ATC100 is now available in Blackboard Learn 9.1! Please reference your Blackboard Support information if you have any technical difficulty using Blackboard." The user's name "Alex DeOliveira" and the course name "Sandbox Course" are visible in the bottom right corner of the announcement.

Announcements

New Announcements appear directly below the repositionable bar. Reorder by dragging announcements to new positions. Move priority announcements above the repositionable bar pin them to the top of the list and prevent new announcements from superseding them. The order shown here is the order presented to students. Students do not see the bar and can't reorder announcements.
