MEET THE PROGRAM CHAIRS

Dr. Peter Bridge

Dr. Peter Bridge is the Academic Chair of the Medical Laboratory Sciences group (Medical Laboratory Science, Genetics Technology and Diagnostic Cytology programs). His personal background is Genetics.

Fiona Cherryman

Fiona is the Senior Director, Academic Programs. She also is the Chair for three academic programs: Anesthesia Assistant, Cardiovascular Perfusion, and Respiratory Therapy. Fiona's main focus is on cultivating a positive learning environment that maximizing each individual's success towards contributing to excellence in patient care.

Catharine Gray

Catharine is the Academic Chair of Michener's Chiroprady program. As an alumna of the Michener's Chiroprady program, Catharine has worked delivering foot care in private practice, as well as within the public sector of Ontario. She was the Chiroprady Clinical coordinator at the Sherbourne Health Centre. Catharine also practiced Chiroprady in Dubai, UAE, while obtaining her Master's degree in Health Sciences.

Catherine Ladhani

Catharine is the Academic Chair of our joint Radiation Therapy Programs and the MRI program. A proud Michener Alumni, with many years of clinical experience in combination with various departmental leadership roles. Currently volunteering in third consecutive term as a Director on the Board of Directors for the Ontario Association of Medical Radiation Sciences in the capacity of 2nd Vice Chair.

Susan Weltz

Susan is the Academic Chair for Michener's Imaging Programs- (Nuclear Medicine and Molecular Imaging Technology & Radiological Technology which are part of the joint Medical Radiation Sciences program with University of Toronto) as well as Michener's Ultrasound program. She is both a Michener alumni and a long-time Michener employee having worked as a faculty member and in the curriculum area in addition to her current leadership role.
