# **Repayment Presentation**

# Repaying your loan: Six things you need to know:

- 1. What are the benefits of Government Sponsored Student Loans?
- 2. What is Non-Repayment Period?
- 3. What is a Consolidation Letter?
- 4. How can you save money?
- 5. How can you avoid repayment difficulties?
- 6. How can you maintain your student loan?

# Must-know # 1: Government Sponsored Student Loans?

- With one application to the Provincial Government, you are assessed for both Provincial and Federal loans and grants.
- You are not charged interest while you are in school.
- You do not have to repay the grants\*.
- You do not have to make payments for six months after you leave school.
- You can make payments at any time without penalty.
- There are programs designed to assist you if you have difficulty repaying your loan.
- Interest on your government sponsored student loan is taxdeductible

\* Provided you maintain eligibility

# End of Study Dates

End of Study	6 Month Non-Repayment Period	Repayment Start	
January 31	February 1 - July 30	August 1	
February 28	March 1 - August 31	September 1	
March 31	April 1 - September 30	October 1	
April 30	May 1 - October 31	November 1	
May 31	June 1 - November 30	December 1	
June 30	July 1 - December 31	January 1	
July 31	August 1 - January 30	February 1	
August 31	September 1 - February 28	March 1	
September 30	October 1 - March 31	April 1	
October 31	November 1 - April 30	May 1	
November 30	December 1 - May 31	June 1	
December 31	January 1 - June 30	July 1	

# Must-know # 2: What is Non-Repayment Period?

- Non-Repayment Period is the six month period after you leave full time studies (This six month period of time is also referred to as "Grace Period").
- Interest may accumulate during this period.
- During this period you can make payments.
- No interest is charged if you return to full-time studies before your Non-Repayment Period ends.

#### Consolidation means:

That the loans that you have taken out each year are gathered together into one amount for you to pay back.

A month before your loan consolidates you will receive a **Consolidation Letter** which outlines the details of your student loan.

Your Consolidation Letter summarizes your repayment terms and presents you with a number of options. You can choose:

- to pay off the interest that accumulated during your non-repayment period, or add it to your loan balance
- a floating or fixed interest rate
- how long you will take to repay your loan and
- how you wish to submit monthly payments

If you have any questions or would like to discuss options please contact the NSLSC.

#### First Decision: Non-repayment period interest

#### Option 1: Capitalize the interest (add it to your loan)

- Advantage: You will not have to immediately pay off the interest if you do not have the money available.
- Disadvantage: This will increase the total amount of your loan, so you will pay more interest over time.

#### **Option 2: Pay it off**

- Advantage: non-repayment period interest won't be added to the amount of your loan so your payments will be lower.
- Advantage: You will be able to claim the interest you pay on your income tax return.
- Disadvantage: You will have to make a lump sum payment at the time of consolidation.

#### **Second Decision: Type of Interest Rate**

On the Ontario portion of your student loan your interest rate will be set at a floating rate of the prime interest rate plus 1%.

On the Canada portion of your student loan you can choose to have a floating or a fixed interest rate

# Choosing a <u>Floating</u> interest rate means:

 Your interest rate will be set at the prime rate plus 2.5%.

# Choosing a <u>Fixed</u> interest rate means:

- Your interest rate will be set at the prime rate plus 5%.
- + The rate will not change during your repayment period.

### Interest Rates for Student Loans

## Floating Rate

Canada	Prime + 2.5%
B.C.	Prime + 0%
Alberta	Prime + 0%
Saskatchewan	Prime + 0%
Manitoba	No Interest
Ontario	Prime + 1%
New Brunswick	Prime + 2.5%
P.E.I	No Interest
Nova Scotia	Prime +0.5%
NL	No Interest

### **Fixed Rate**

Canada	Prime + 5%
B.C.	Prime + 5%
Alberta	Prime + 2%
Saskatchewan	Prime + 2.5%
Manitoba	Not Available
Ontario	Not Available
New Brunswick	Prime + 5
P.E.I	Not Available
Nova Scotia	Prime + 3%
NL	Not Available

#### Third Decision: Setting the length of your repayment

You can choose any length of time to repay your student loan, up to a maximum of 14.5 years. (Most borrowers take 9.5 years.)

#### **Shorter Repayment Term**

- Choosing a shorter repayment term means:
  - + You will pay less interest overall.
  - Your monthly payments will be larger.

#### **Longer Repayment Term**

- Choosing a longer repayment term means:
  - + Your monthly payments will be smaller.
  - You will pay more interest overall.

You can adjust your terms any time during your repayment.

#### **Fourth Decision: Payment Options**

Your first payment is due on the last day of the month of Consolidation. (The last day of the 7<sup>th</sup> month after the end of full-time study)

Your Consolidation Agreement allows you to set-up, confirm or change pre-authorized payments.

If you do not wish to have pre-authorized payments deducted from your account, you can make your payments by:

- Telephone banking
- Online banking
- Cheque or Money Order

# Must-know # 4: How can you save money?

To save money in interest charges, borrowers can repay their loan before the end of their repayment term <u>without penalty</u> by:

- Making payments while in school.
- Making payments during non-repayment period.
- Paying an amount larger than the minimum monthly payment calculated for their term.
- Making weekly or bi-weekly payments.
- Making lump sum payments.

# Must-know # 4: How can you save money?

Based on a \$25,000 loan, a prime rate of 3% and a floating interest rate, the chart below demonstrates potential savings using common repayment strategies. \* Provided Interest remains Stable throughout repayment.

	Do Nothing	Increasing Minimum Payments by \$20/month	Making \$250 lump sum payments once a year	Making payments every two weeks
Payment Amount	\$289.80 monthly	\$309.80 monthly	\$289.80 monthly, plus one \$250 payment/year	\$144.90 every two weeks
Number of months you will need to repay your loan	114	106	105	102
Total interest payable over the life of your loan	\$8,037.20	\$7,194.20	\$7,097.07	\$7022.90
Total interest savings	\$0.00	\$843.39	\$940.13	\$1014.30

Missing a loan repayment has serious consequences.

- Your credit rating could be affected, making it more difficult to obtain a loan, a mortgage or purchase a car.
- You could have difficulty getting more loans or grants for future studies.
- Your loan could be transferred to the Canada Revenue Agency for collection. Your tax return refunds could be used to put towards your student debt.
- Before you miss a payment, the best thing you can do is contact the NSLSC, who can provide you with advice and options.

#### **Option: The Repayment Assistance Plan**

- If you qualify for the Repayment Assistance Plan, you will not be required to make a student loan payment above an affordable level.
- An Affordable Payment is calculated based on your income and family size. As a result, the payment could be lowered or put on hold until you can afford it.
- You must apply for the Repayment Assistance Plan through the NSLSC every six months—enrolment is not automatic.

Using the **Repayment Assistance Estimator** on the CanLearn.ca website you can approximate your Affordable Payment based on your loan, income and family size.

Repayment Assistance Results	
Federal Affordable Payment	\$60.00
Provincial Affordable Payment	\$40.00
Total Affordable Payment	\$100.00
Expected Monthly Payment	\$289.80

Example: A single borrower with no dependents who has a \$25,000 student loan and a gross income of \$2500/month (\$30,000 per year).

Please note: Estimates provided are approximate. Final repayment amounts will be determined upon approval of the Repayment Assistance Plan (RAP).

#### **Option: Revision of Terms**

Allows borrowers to adjust their monthly payment temporarily or for the remaining term of the loan.

- You can lower payments by:
  - Making interest-only payments (limited to two 6-month terms).
  - Adjusting the term up to the maximum 174 months (14.5 years).
- Differs from the Repayment Assistance Plan
  - All borrowers are eligible for Revision of Terms regardless of debt and income level.
  - Payments are required each month.

### **NSLSC - Online**

# Accessing the National Student Loans Service Centre online

- The National Student Loans Service Centre (NSLSC) Web site provides round-the-clock access to information on your Canada Student Loans.
- For access, go to CanLearn.ca and click on the National Student Loans Service Centre link.

NSLSC's On-Line Services: access your student loan account(s) 24/7 with the NSLSC On-Line Services

### **NSLSC - Online**

### Finding your account number

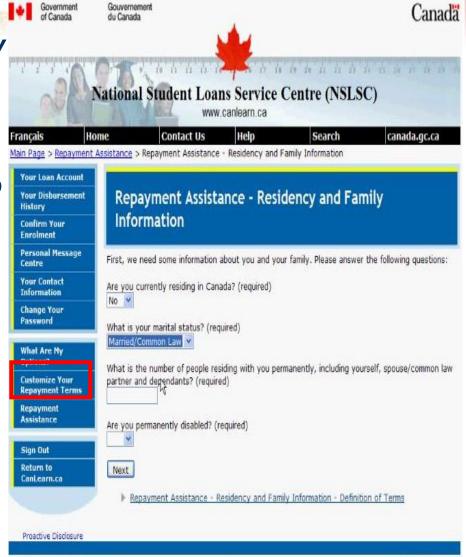

- Your account number is located on all correspondence from the National Student Loans Service Centre.
  - You can also find out your account number by calling the NSLSC call centre at 1-888-815-4514 and answering some security questions.

# On-line RAP Application

■ The borrower applies online through their NSLSC account, by selecting "Repayment Assistance"

- Applicant is guided step-by-step through the questions
  - Questions are dynamic; based on system- known data and the applicant's answers
    - e.g., The applicant selects 'married/common-law', which prompts the system to ask about their partner's government student loans.

# To keep your loans in good status make sure that you:

- 1. Review your Consolidation Letter.
- 2. Keep your contact information current with the Service Provider.
- 3. Let the NSLSC know if you are having difficulty making your loan payments.
- 4. Check your loan balances regularly using the NSLSC online service, which can be found at www.CanLearn.ca.
- 5. Keep all the documents that you receive by mail, in one place.
- 6. If you return to school, notify the NSLSC. This ensures your loan returns to interest-free status while in school full-time.
