

Topic 5: Developing Your Learning Plans

Master Adaptive Learning Framework: “Continuous Learning Plans”

Think about a time when a new digital tool was introduced in your clinical setting

- Health app, new virtual care model, other?
- ✓ How did you approach the learning?
- ✓ How did you learn how to deliver compassionate care?
- ✓ What kind of data can you use in your practice to drive your learning in digital compassion and care?

Reflect on a time where you experienced or did not experience compassion in a digital health care context/setting

- ✓ What would you do differently?
