

## IMAGING SERVICES: ULTRASOUND TECHNOLOGIST

Are you passionate about exceptional care? Royal Victoria Regional Health Centre (RVH) is seeking a dynamic and motivated Ultrasound Technologist to join our team. RVH is located in the city of Barrie in the heart of Ontario's cottage and ski country and is a 50-minute drive north of Toronto. The area offers numerous recreational activities, a relaxed lifestyle and a comparatively low cost of living. Every day, inspiring care is provided to patients across the Simcoe Muskoka region by a team of exceptional employees, physicians and volunteers who demonstrate Work Together, Respect All, Think Big, Own It, and Care. Being a member of the RVH team means you work side-by-side with people who are passionate and dedicated to delivering high quality patient-centred care... opportunities begin here!

In this role you will report to the Manager of Imaging Services, the Ultrasound Technologist performs all Ultrasound procedures at a technical level not requiring constant supervision of technical details. Other duties include, but not limited to:

- Assist radiologists in the performance of Ultrasound related special procedures
- Perform all Ultrasound procedures as prescribed by physicians or radiologists
- Supervise student technologists during clinical placements
- Ensure all equipment is maintained in good working condition
- Liaise with bookings and patient floors as required

### QUALIFICATIONS:

#### Education:

- Graduate from a recognized accredited school of Ultrasound Technology
- Active member in good standing with the American Society of Diagnostic Medical Sonographers (ARDMS) and/or active member in good standing of the Canadian Society of Diagnostic Medical Sonographers

#### Experience:

- One year experience demonstrating clinical competency in all aspects of Ultrasound Procedures
- Ultrasound experience in performing abdominal/pelvic, OB/GYN, small parts, MSK examinations; including IPS certification

#### Competencies:

- Working knowledge of RHPA
- Working knowledge of standards of practice for related field
- Able to identify and recommend process improvement opportunities
- Able to work independently and co-operatively as part of a team
- Demonstrate ability to work under pressure and exercise independent judgment
- Demonstrate ability to assess requests and prioritize them to ensure excellent and prompt patient care
- Maintain effective communication and interpersonal skills

### APPLICATIONS:
