

## **Medical Laboratory Technologist (Job ID 2015-2301)**

Dynacare is looking for a Medical Laboratory Technologist to join our Chemistry team in London, Ontario. This position is 1 year contract working full-time hours as scheduled by department.

### **Responsibilities:**

- Ensuring sample identification is correct and specimen requirements are met according to established procedures
- Ensuring quality control standards are maintained, investigating missing samples and performing routine maintenance on laboratory equipment
- Recording, interpreting and/or approving test results
- Maintaining accuracy of appropriate documents
- Troubleshooting of clinical assays and equipment

### **Must have:**

- CMLTO Registration as a practicing Medical Laboratory Technologist in good standing
- Demonstrated proficiency with Word, Excel and Outlook at an intermediate level.
- Solid ability to troubleshoot technical issues and provide recommendations for resolution

### **Nice to have:**

- A demonstrated ability to work independently, apply sound decision making principles and self-manage in fast-paced environment
- Demonstrated high level of interpersonal skills required to succeed in a collaborative working environment

### **DNA of an Ideal Dynacare Employee**

I make a difference in people's lives. I am a caring, collaborative team-player who is passionate about quality and continuous improvement.

- Caring - I demonstrate strong empathy and genuine concern for my colleagues, patients and customers
- Collaborative Team Player - I know I play a key role in helping the Dynacare team achieve success. I am comfortable in a changing environment, and I can easily manage multiple priorities.
- Passion for Quality and Continuous Improvement - I am always looking to learn and solve problems. I am detailed oriented, adaptable and find ways to make things better.

Dynacare has been a "Top Employer" for many years and there is a reason why. We are a great place to work.
