

## Anesthesia Assistant - 5528

<b>Requisition #</b>	5528
<b>Job Type</b>	Casual Relief
<b>Vacancies</b>	1
<b>Department</b>	Respiratory Therapy
<b>Employee Group</b>	Non Union
<b>Hours (Subject to change)</b>	Casual Relief Hours
<b>Job Description</b>	<p>As a Respiratory Therapist in the Anaesthesia Care Team (ACT) you will provide technical support and clinical assistance to the Anaesthesiologist, functioning at times as a Clinical Extender. At all times, you will be working under the direct clinical supervision of an attending Anaesthesiologist and as a member of an anaesthesia care team. The duties include (but are not limited to) assessment of labouring, pre-op and post-op patients, assistance with the induction, maintenance and recovery phases of anaesthesia, monitoring stable patients under regional or general anesthesia, monitoring and post-op transport of stable women undergoing caesarean section, assessment of the analgesic requirements of laboring women, troubleshooting labourepidurals and administration of epidural top-ups as prescribed by the anaesthesiologist . You may also administer and monitor procedural sedation to mothers undergoing fetal procedures. In addition to your time spent in Labour and Delivery the AA has a large presence in the Main Operating Room, Endoscopy Suite, elective outpatient surgery and the Kensington Eye Institute and other areas where there is anaesthetic coverage. This depends on clinical needs and workload as determined by the responsible anesthesiologists.</p> <p>Main OR duties will be similar but may also include administration and monitoring of procedural sedation. You will practice in accordance with the standards of practice and guidelines as outlined by the Canadian Anaesthesiologists Society (CAS), the College of Respiratory Therapy of Ontario (CRTO), hospital policies and operate under medical directives or direct physician orders.</p> <p>Other responsibilities include: the operation, setup, maintenance and troubleshooting of all anaesthesia equipment including the anaesthesia gas machine, airway management including difficult airways, hemodynamic monitoring, set up of mechanical ventilators, ability to manage and transport patients that require mechanical ventilation. Restocking anaesthetic supplies, assisting with research, teaching house staff and students and additional duties as required. Completion of an accredited Anesthesia Assistant Graduate Certificate Program &amp; knowledge in predetermined anesthesia related educational objectives.</p> <p>Member in good standing with the College of Respiratory Therapists of Ontario (CRTO).</p>
<b>Job Requirements</b>	

Minimum of 2 years of recent Critical Care Experience and 3-5 years as a Registered Respiratory Therapist

Preferred member in good standing with the

- Canadian Society of Respiratory Therapists (CSRT), Respiratory Therapy Society of Ontario (RTSO) and Canadian Anesthesiologist Society (CAS)
