

ULTRASOUND SONOGRAPHER

Job Description:

Ellesmere X-ray (EXR) is a network of 5 diagnostic imaging independent health facilities serving the communities of Durham and Toronto East. The practice also consists of a medical management organization that services a number of other diagnostic imaging clinics and hospitals with respect to radiologist professional services, quality assurance and informatics. www.exr.ca

Ellesmere is looking for full-time, part-time and casual ultrasound sonographers with the following qualifications:

Qualifications:

- Completion of post diploma in diagnostic medical sonography from recognized Canadian institution (e.g. Mohawk College or Michener)
- Current Sonography Canada credentialed membership (CGRS) and/or ARDMS certification with OB and MSK credentials
- CRVS credential and/or RVT certification an asset
- Additional certification in Nuchal Translucency an asset

Background / Other:

- Proficient in working with RIS/PACS software systems
- Demonstrated effective decision making skills
- Ability to self-learn
- Flexibility to work evenings and weekends an asset

Candidate must be flexible to work at multiple locations for daytime, evening and some weekend shifts. Please forward your resume to support@exr.ca or fax 905-831-1806.
