Looking for a professional challenge? Check out what we do at the University Hospital Ultrasound Department.

- LHSC is one of Canada's largest acute-care teaching hospitals, where we provide diagnostic ultrasound services, including biopsies, to the Emergency Department and many specialty practices
- The Multi-Organ Transplant Program at LHSC is one of the leading transplant programs in Canada, performing nearly 200 transplants annually
 - Sonographers perform extensive transplant assessments prior to patients receiving livers and kidneys, as well as in depth follow up imaging to detect signs of complications or rejection
 - They also assist in the OR to assess viability of the donor organ and observe a variety of preparation surgeries and procedures
- Vast and varied musculoskeletal ultrasounds
 - Performing examinations on any joint in the body, scanning nerves, and assisting in MSK mass biopsies
 - Working alongside the MSK Fellow at the Fowler Kennedy Sports Medicine Clinic, where there is opportunity to participate in the care of a variety of patients, including elite and Olympic athletes.

London Health Sciences Centre fosters a culture of patient and staff safety whereby all employees are guided by LHSC's Mission, Vision, Values and Code of Conduct.

We are committed to providing a safe, healthy and inclusive work environment that inspires respect. LHSC encourages applications from persons with disabilities and we are committed to providing accommodations upon request.

As part of the assessment process applicants may be asked to perform a scan test.

Your interest in this opportunity is appreciated. Only those applicants selected for an interview will be contacted. Successful candidates, as a condition of job offer, would be required to provide a satisfactory vulnerable sector police check (original document) completed in the last 3 months.
