MEDICAL RADIATION TECHNOLOGIST 3, MAGNETIC RESONANCE IMAGING VANCOUVER COASTAL HEALTH

Medical Imaging at Vancouver Coastal Health (VCH), Fraser Health (FH), Providence Health Care (PHC) and Provincial Health Services Authority (PHSA) delivers integrated diagnostic services and programs that include general radiography, interventional radiography, computed tomography, magnetic resonance imaging, nuclear medicine, ultrasound, breast imaging, and other specialty imaging procedures. **Vancouver Coastal Health is the Lead Health Authority for Medical Imaging!**

Specific job locations include: Lions Gate, Vancouver General, BC Cancer Vancouver, BC Children's, University of BC, Richmond, Burnaby, Royal Columbia, Surrey Memorial, Jim Pattison Pavilion Surrey, St Paul's, Peace Arch and Abbotsford Regional Hospital.

We are currently looking for keen MRI technologists to join our teams throughout the Lower Mainland. We are also excited to announce that **Abbotsford Regional Hospital** has just received funding for **4 MRI technologist positions**. For more information and to apply, please visit careers.vch.ca and type in **MRI** in the keyword search, or contact Elio Lot at Elio.Lot@vch.ca for more information.

Please note that candidates currently enrolled in an MRI training program are also encouraged to apply. MRI students may be considered for a future start date.

Thank you for your interest in Vancouver Coastal Health.
