

## Medical Laboratory Technologist, Core Lab

**Community:** Salmon Arm, BC  
**Facility:** Shuswap Lake General Hospital

**Job ID:** I245440  
**Status:** Relief Part Time (0.66 FTE)

Medical Lab Technologist opportunities now available at the Shuswap Lake General Hospital!

As the Laboratory Technologist you will work independently within our supportive and cohesive team environment, providing vital Lab services to both inpatients and outpatients from the Salmon Arm community and surrounding areas. This is a generalist Lab position and offers interesting and varied work within all areas of Core Lab.

Typical duties include: routine and/or complex tests utilizing manual procedures and automated instruments, greeting patients, collecting and/or receiving specimens, entering data into the Laboratory Information System (LIS), validating/reporting test results, maintaining instruments and preparing solutions and control agents.

This is a relief part-time 0.66fte position. Days of work are rotating and shifts are 8hours including day, evening and night shifts. Interior Health offers a comprehensive benefits plan that includes coverage for basic medical services, dental and extended health including massage therapy, chiropractic, physiotherapy in addition to life insurance and long-term disability.

Interior Health Laboratory is committed to staff development and encouraging growth. We offer many fulfilling opportunities to support and enhance knowledge and skills and help you progress at every stage of your Laboratory career.

**Community:** The town of Salmon Arm is located in the heart of British Columbia's famous Shuswap Lake recreational area, surrounded by outstanding natural beauty, clean waterways, provincial parks and an abundance of green space. Salmon Arm has a mild, yet distinct four-season climate, and offers excellent year-round recreational opportunities including arts and cultural events, skiing and hiking. Residents take pride and satisfaction in protecting their quality of life.

### Qualifications

- Graduation from an approved Medical Laboratory Science Program
- Current certification with the Canadian Society for Medical Laboratory Science (CSMLS) and eligible for membership with the BC Society of Laboratory Sciences (BCSLS) and/or CSMLS
- One (1) year recent related experience
